INTERLACHEN 1955

Here dwells Athena garlanded,
Not with acanthus band,
But spray of the blossomed orange
Of Hellenian land.

Have you not seen her fleetingly
Where mist and the moonlight meet,
Or heard by the sounding stoa
Whispers of sandaled feet?

Or would you seek sign or sibyl
Beyond the Graces' hymn?
Does not her sacred owl appear
Perched on the temple's rim?

O weave us our robes, bright goddess,
Bind them with wisdom's seams,
Drape, then, our eager shoulders
For quest of dreams!

This is the picture story of Florida Southern College—the story of yesterday, today and tomorrow. It is the story of our Alma Mater—built on faith and hope and work. Many pens have written the story—many more will continue it in future years. May the final chapter only be written when there are no more worlds to conquer.

TO THE STUDENTS, FACULTY, TRUSTEE AND FRIENDS

A Saga of the South . . .

A day dawned bright and clear 15 years before the turn of the 20th Century. In Washington, President Grover Cleveland looked over a sprawling, newly-awakened giant that was the United States. In the deep South there was a state named Florida. In Tallahassee directing the affairs of the still frontier country was Governor Edward A. Perry.

There were alligators blocking the trails, snakes in the fields and swamps, and Indians in the forests. Bearded men and courageous women tilled the soil, conquered the wilderness and brought new life. Methodist preachers carried The Word on horseback, braving all dangers so that the Eternal Light might pierce the gloom and the darkness.

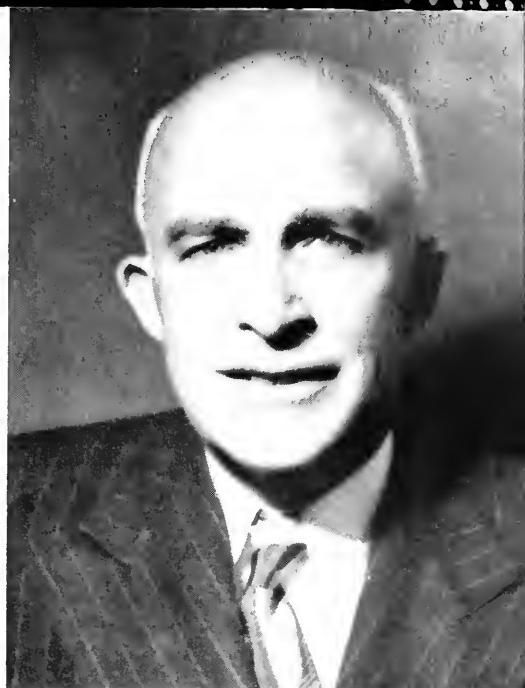

And there was the beginning of a painful birth. A College was coming into being.

Before the turn of the Century, a day dawned bright and clear on a small farm in Alabama. Life there was also coming into being. A seventh son was born to John Timothy and Ida Adams Spivey. He was named Ludd Myrl.

There were other bright dawns and gloomy mornings, too, as time marched into history. The Alabama farm family joined the movement West. And the pains of birth persisted long and hard for the little College in Florida. There were epidemics, fires and hurricanes. There was war and depression. The prairie schooners gave way to steam locomotives. Voices were carried over copper wires. And music was played on machines called Victrolas. There were moving pictures shown in places called Nickelodeons. Combustion engines became horseless carriages. Ships flew in the skies. There was a thing called wireless. There was all of this and much more.

And then a day dawned bright and clear over Lakeland . . .

Man is measured by many yardsticks.

Courage, initiative, humility, charity, tenacity, vision, faith.

These are some of the many.

Every man knows fear. The indolent moments come and go. Pride has consumed countless numbers. Charity is an evasive nymph, difficult to have and to hold. Even the tenacious lose their grip if for only fleeting seconds. Vision is often beclouded and faith lost in confusion.

It is the composite of the virtues and vices that is important.

Ludd Myrl Spivey has been measured, and has been found not wanting. His life speaks with eloquence.

The thirty-year story has now been written. Many pages are being told by the men and women who have come to the orange-grove campus, later to go on their way to take their places in churches, schools, business, industry, public affairs and the other facets of living. Others will soon follow, each with his niche to carve in life.

There are pages being told by the faculty, past and present, a few with service and devotion extending past the 30 years. Other pages are being recited by trustees, by preachers and laymen of the Methodist Con-

ference, and by friends of Florida Southern everywhere.

The pages of these volumes are bound by steel and concrete which, under the magic of master designers, have brought beauty into the blue of the Florida sky. In the beginning, the pages were few and the binding light and simple. Now the pages are many and the binding heavy and complex—of a kind that will endure a thousand years into the future.

The prosaic story of the years since 1925 has been told and retold. In the beginning great debt, few students and two buildings that passed for a College. The living story is for all to see—thousands of students, physical worth in the many millions, buildings a part of the earth itself. Something alive, eager, vibrant and secure.

Tangible things are easy to envision. It is the intangible that eludes the imagination. Behind the pages, if one has eyes with which to see, will be found the toil with its sweat of disappointment, of elation and dejection, and of brightness and gloom.

One only builds with tools.

Courage, initiative, humility, charity, tenacity, vision, faith.

Down through the years, these were the tools of Ludd Myrl Spivey.

With them, he has built a College.

Tomorrow

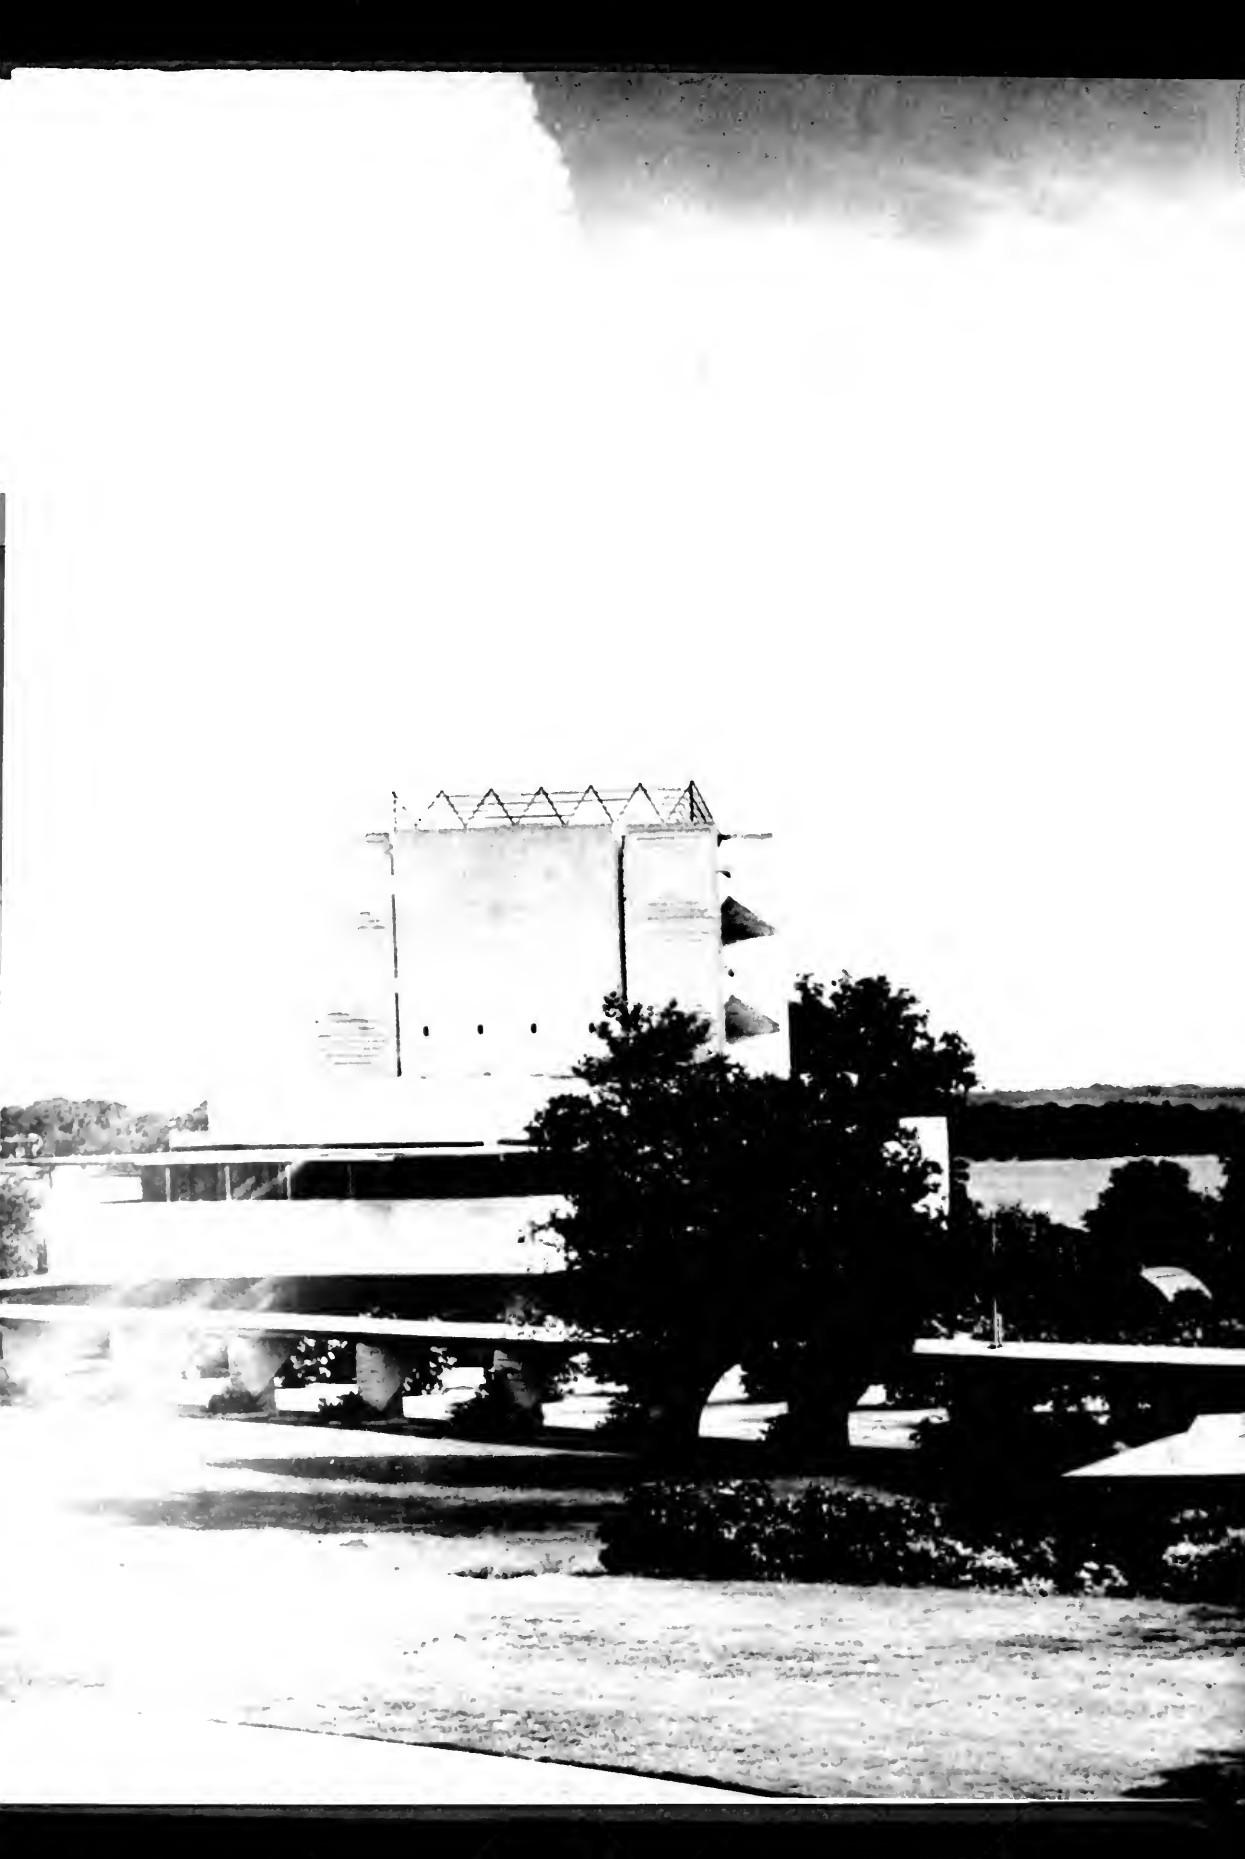

Tomorrow is the today of yesterday. A part of it arrived at Florida Southern College with the coming of Dr. Ludd M. Spivey in 1925. It was complete when Frank Lloyd Wright looked over the orange-grove acres a little more than a decade later.

They conceived and they executed "The College of Tomorrow."

It is ours today—a place for us to study, to broaden our visions, to enlighten our understanding of our fellow man and of our God.

Tomorrow and in endless future tomorrows, others will walk where we have walked, live where we have lived.

We draw back the curtain so that they may look into their tomorrow.

Dedicated to

An educator, a minister, a friend.

One who has not only carved out walkways for us to follow, but who also directed the steps of many of our mothers and fathers in their days on this orange-grove campus, and whose impact will be felt by our children and our children's children in eras yet to come.

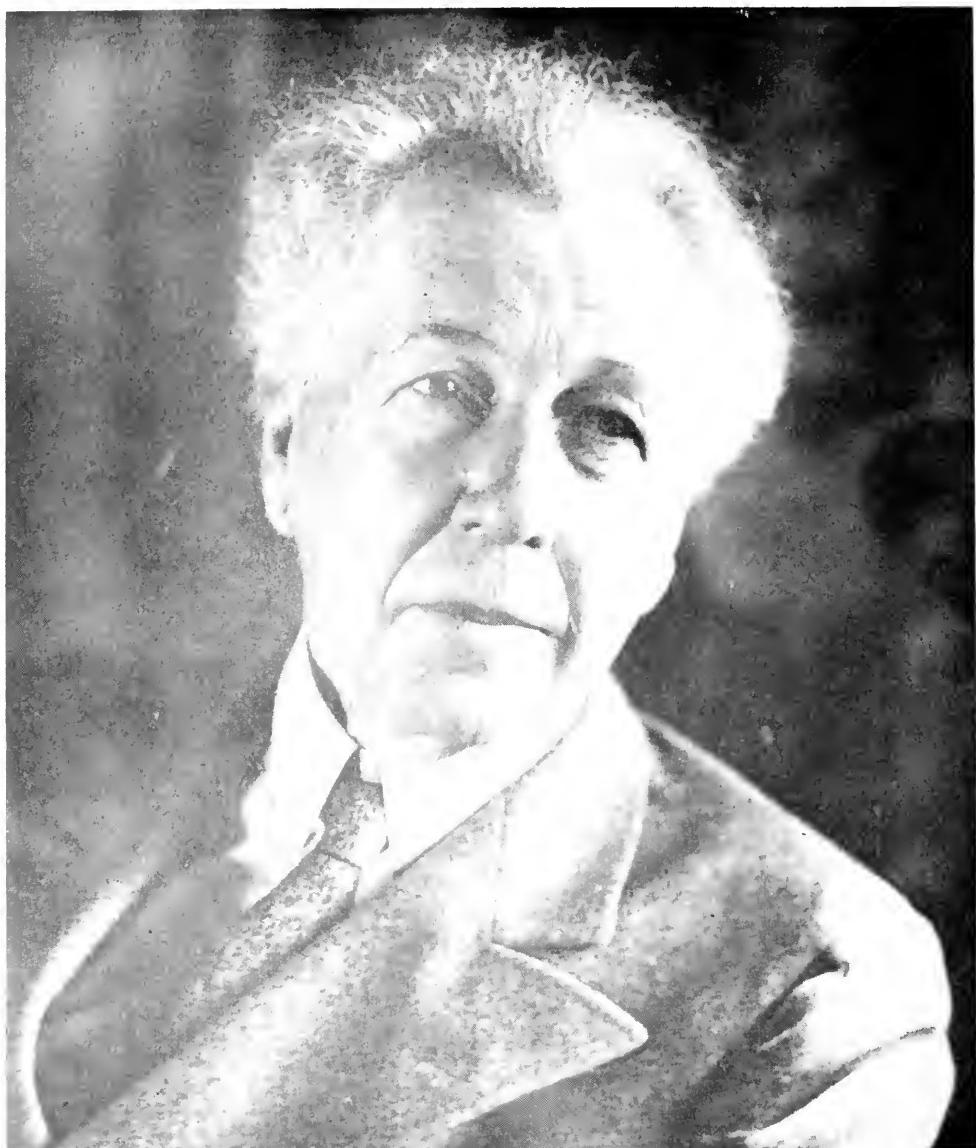

Who once found Florida Southern College deep in the valleys and by diligence, devotion and inspiration has lifted it to the top of the mountain peaks.

And whose achievements will leave deep imprints in the sands of time forever.

It is with pride, it is with humble gratitude, it is with deep affection that we dedicate this, the 1955 Interlachen of Florida Southern College to

DR. LUDD MYRL SPIVEY

FRANK LLOYD WRIGHT

Honored by kings and commoners, Frank Lloyd Wright, poet of the drawing board, artist in steel and mortar, and philosopher in American culture, is recognized throughout the world as the greatest architect of our times. His genius has brought to us an appreciation for and love

of beauty, transformed by the magic of his wand from the ordinary things of the earth, and a realization that an inner harmony with the universe awaits all who have eyes with which to see, minds with which to comprehend, and imaginations to penetrate the mists of mediocrity.

. . . *The Greatest Architect of Our Times*

The largest concentration of Frank Lloyd Wright architecture in the world is found on the campus of Florida Southern College. In a setting of citrus, sand and sunshine, his creations rise out of the earth into the blue of a tropical sky and the music of his architecture is a symphony which will delight visitors to our College even a thousand years into the future.

Florida Southern College is proud, indeed, that the name of Frank Lloyd Wright is indelibly stamped for centuries to come on the pages of its history, and The Interlachen of 1955 presents these pictorial studies of the greatest architect of our times so that students, faculty and friends may have a treasured memento of a great American.

Dr. Wright in candid poses studying plans at FSC.

Dr. Wright looks out over the orange grove campus.

At Founders' Week in 1950, Dr. Wright is shown, left, after receiving an honorary doctor of laws degree from President Ludd M. Spivey. The dean of American architects has made many visits to our campus to see at first-hand the buildings which he has created.

The camera caught Dr. Wright at this moment of deep contemplation.

In the Annie Pfeiffer Chapel, Dr. Wright speaks at Convocation.

L. FRANK ROPER

CHANCELLOR - 1954

Serving Florida Southern College with great distinction and loyalty as its Honorary Chancellor of 1954 was L. Frank Roper, of Winter Garden, Florida.

A native of Florida, Mr. Roper has for many years been recognized as one of the leaders of the vast citrus industry in the Sunshine State, and as a leader always interested in the betterment of community and state, one who has done much for the South.

The 1954 Honorary Chancellor is one of the leading Methodist laymen in the Florida Methodist Conference, and it was his interest in Christian education that first brought him into close contact with Florida Southern College.

The 1955 Interlochen salutes Mr. Roper for his services to our College with the sincere hope that his close association will continue through the years.

HY JORDAN SOBILOFF

CHANCELLOR - 1955

Installed as the 1955 Honorary Chancellor of Florida Southern College at Convocation during the 70th Founders' Week Celebration was Hy Jordan Sobiloff, one of the nation's leading industrialists.

A native of Massachusetts, Mr. Sobiloff attended the University of Arizona, Boston University and New York University, and currently he serves as the president of five ranking industrial concerns, as chairman

of the board of directors of eight corporations and as a director in others.

Not only has Mr. Sobiloff risen to the heights in the world of business, but he also is the author of "When Children Played as Kings and Queens," and "Dinosaurs and Violins." His poetry is noted.

The Interlachen cordially welcomes Mr. Sobiloff as FSC's 1955 Chancellor.

WOMEN'S STUDENT GOVERNMENT

This organization serves as a court for infractions of college and house rules, and strives to uphold the standards of women residents of Florida Southern College. It is composed of representatives of sororities and independents who are elected by resident

women students. WSGA is a governmental subsidiary of the Student Body Association. Its endless assortment of duties during the year makes it an indispensable factor on campus in upholding the ideals of womanhood at Florida Southern.

MEN'S COUNCIL

The Men's Council, founded in 1953, is a judicial subsidiary of the Student Body Association, composed of eight voting members—four independent men and four fraternity men.

It is the purpose of this group to establish and

enforce all regulations pertaining to the discipline of the men on the campus.

A member must be a junior or senior member of the Student Body Association carrying at least twelve hours and having an over-all "C" average.

First Row: William Edmunds, Herbert Fogarty, Douglas Scott, John Upham. Second Row: Jack Horvey, John Frosz, Jesse LoRe, Kenneth Lutz.

SOUTHERNETTES

The purpose of Southernettes is to provide a unified organization for all women not affiliated with a sorority on campus. It provides a medium through which non-sorority women may participate in campus activities, provides opportunities to develop leadership in service to Florida Southern through projects and participation in school activities, and to achieve co-operation between sorority and non-sorority women.

The Southernettes have been recognized again this year as "active and alert," since representatives of this group have participated in almost every type of activity and organization on campus. Especially outstanding in athletics, this spirited group has shown its versatility by also contributing to the fields of music, journalism, government, religion and drama at FSC.

The Future Teachers of America is a national professional organization which is open to all education majors. It meets monthly and maintains a scholarship for students majoring in education. The purpose of F.T.A. is to seek, through the dissemination of information and through higher standards of preparation, to interest the best young men and women in

education as a lifetime career, with emphasis on character and scholarship. It seeks to develop, among young people who are preparing to be teachers, an organization which is an integral part of state and national education associations, and to acquaint teachers in training with the history, ethics, and program of the organized teaching profession.

INTERNATIONAL CLUB

The International Club of Florida Southern College, founded in November, 1947, is dedicated to forging links of friendship and respect between peoples and nations of the world. It is the largest organization on campus and has 65 members from 17 different countries, including the United States. The club meets twice a month and is open to all who wish to exchange information about different countries.

The club actively seeks to promote better understanding by sponsoring lectures and discussions on the culture and customs of other nations, international politics and economics. Socially it brings students together through international parties, picnics, dances, and music recitals.

The club has a soccer team with players from all over the world and carries the school colors throughout the state of Florida in search of opposing teams.

In promoting International understanding, it works in and with the community. Speakers are sent to appear before civic and church groups so that the community may share with the college the rich fund of knowledge of life in other lands. Tours to Florida industries are arranged for foreign students. Invitations to visit homes come from church men and women as well as the Rotary and Lakeland Chapter of the American Red Cross.

This year with the American Red Cross it sponsored an essay contest open to all students on the topic "How Can the American Red Cross Better Relations Between Nations Through Students?"

In its efforts, unity, and purpose the International Club embodies every principle for which Florida Southern College and its beloved president work for, cherish, and believe in.

BAPTIST STUDENT UNION

The Baptist Student Union was founded in 1947 to conserve Southern Baptist college youth for Christian leadership and the kingdom of God—to minister to the spiritual needs of Baptist college men and women in the states of the Southern Baptist Convention territory and to extend the influence of the church to every campus and make college life Christian.

The B.S.U. is a youth organization for Baptists in higher institutions of learning. Every Baptist in college is a potential member of the B.S.U. He becomes an active member when he joins a Baptist church in the educational center or any unit organization that is represented in the B.S.U. Council. Unit organizations of the B.S.U. are Sunday school classes, Young People's Unions, Y.W.A. circles, etc.

The B.S.U. functions in and through the Baptist church or churches in an educational center. It functions through a B.S.U. Council composed of 15 officers elected annually by the B.S.U.

The B.S.U. seeks to promote spiritual development of students through Christian comradeships, Bible study, prayer, church membership, denominational loyalty, and Kingdom advancement.

The B.S.U. sponsors a weekly fellowship hour on Sunday night after church in the Religion Building on campus, a weekly Morning Watch every Thursday morning at 7:30 A.M. at which time coffee and doughnuts are served. Other activities, including socials, shut-in visitations, Summer Mission Fund and support of the local church programs are promoted.

CONCERT BAND

The Florida Southern College Concert Band, conducted by Professor Harold Phillips, was organized in September, 1953.

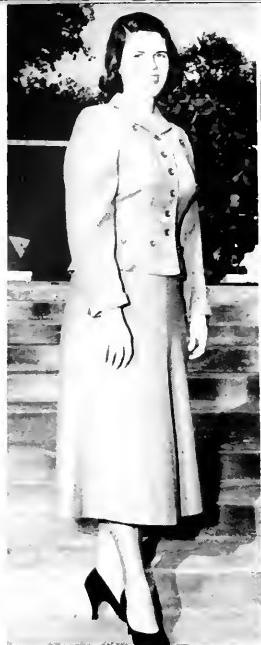

The Concert Band is composed of fifty advanced instrumentalists who play concerts for the college, civic events, and out-of-town functions. Their repertoire includes the works of the classicists to the modernistic contemporaries. During this year they will be heard in various Florida cities and communities on numerous occasions.

CAP AND GOWN

The purpose of Cap and Gown is to recognize women who have attained a high standard of leadership in collegiate activities, to bring together the most representative women in all phases of collegiate life, to create an organization for service to our college, and to bring about a good relationship between faculty and students. Cap and Gown has been outstanding on the campus of Florida Southern for several years. To be eligible for membership in Cap and Gown, one must have reached

the classification of a junior, and must have an overall average of at least 1.5. She must also have attained special distinction in at least one phase of collegiate activity, and be active in the different organizations on campus. The prime requisite for membership in Cap and Gown is that a girl must have good character, but she must also rank high in scholarship and intelligence, be loyal to Florida Southern, and have democratic ideals. Mr. J. G. Ogden, Jr., is the group's faculty advisor.

Omicron Delta Kappa has a threefold purpose: to recognize outstanding men students on campus who have shown leadership, scholarship, and character; to bring together the most representative men in all phases of college life, and thus create an organization which will help to mold the sentiment of the institution on questions of local and intercollegiate interest; to bring students and faculty of an institution into a basis of mutual interest, understanding and helpfulness. Its major functions are so designed to stimulate the interest of junior and senior students in the eight major fields: art, music, religion, scholarship, athletics, social, publications, and speech. Its activities include sponsoring the Leaders of Florida Banquet during Founders' Week, and publishing an annual student directory.

VAGABONDS

KAPPA EPSILON

The purpose of Kappa Epsilon is to form an honor society for students of the biological sciences and thereby to stimulate sound scholarship, to promote the dissemination of scientific truth and to encourage investigation of the life sciences. It reserves its membership to those who achieve superior academic records and who indicate special aptitude for the subject of biology. It desires to cultivate intellectual

interest in the natural sciences, and to promote a better appreciation of the value of biological study. Kappa Epsilon endeavors, also, to extend the boundaries of man's knowledge of nature by encouraging new discoveries through scientific investigation. It emphasizes, therefore, a three-fold program; stimulation of sound scholarship; dissemination of scientific knowledge, and promotion of biological research.

PI DELTA EPSILON

The Florida Southern Chapter of Pi Delta Epsilon was established in September, 1953. The fraternity is for upperclassmen who have served actively on the editorial or business staffs of campus publications. The purpose of the organization is to teach the ethics, techniques, and mechanics of journalism. The aim of Pi Delta Epsilon is to promote better fraternal feeling between fellow journalists and to promote democratic and honest journalism. Pi Delta Epsilon is the oldest national honorary journalism fraternity in the country.

Sigma Rho Epsilon promotes the development of religious education on campus. Its membership consists of persons with a major or minor in religious education, wives of Gamma Sigma Chi members, and students vitally interested in religious education regardless of scholastic fields. The group's activities

include lighting the candles in the Christian-Hindu Temple in the Garden of Meditation, an annual banquet and picnic with Gamma Sigma Chi, supporting a student in Cuba, and a Thanksgiving party for the Rose Keller Children's Home. They also co-operate with all religious organizations on campus.

C I R C L E K

The Circle K Club was founded March 15, 1953. The objectives of the club are:

To provide a medium whereby capable, ambitious and worthy young men may be assisted in acquiring a college education by means of scholarship funds, part time employment and provision for adequate housing and boarding facilities, pursuant to the means of this club and in accordance with the rules and regulations herein provided, and hereafter to be adopted by this club.

To afford the members a normal participation in the social life of the campus; to develop leadership, initiative, and useful training in all educational endeavors of this college.

To provide experience in living and working together, and participation in group activities of all kinds while in college.

To promote good fellowship and high scholarship within the group.

To serve this college through its administrative officers, and the community and state of which we are a part.

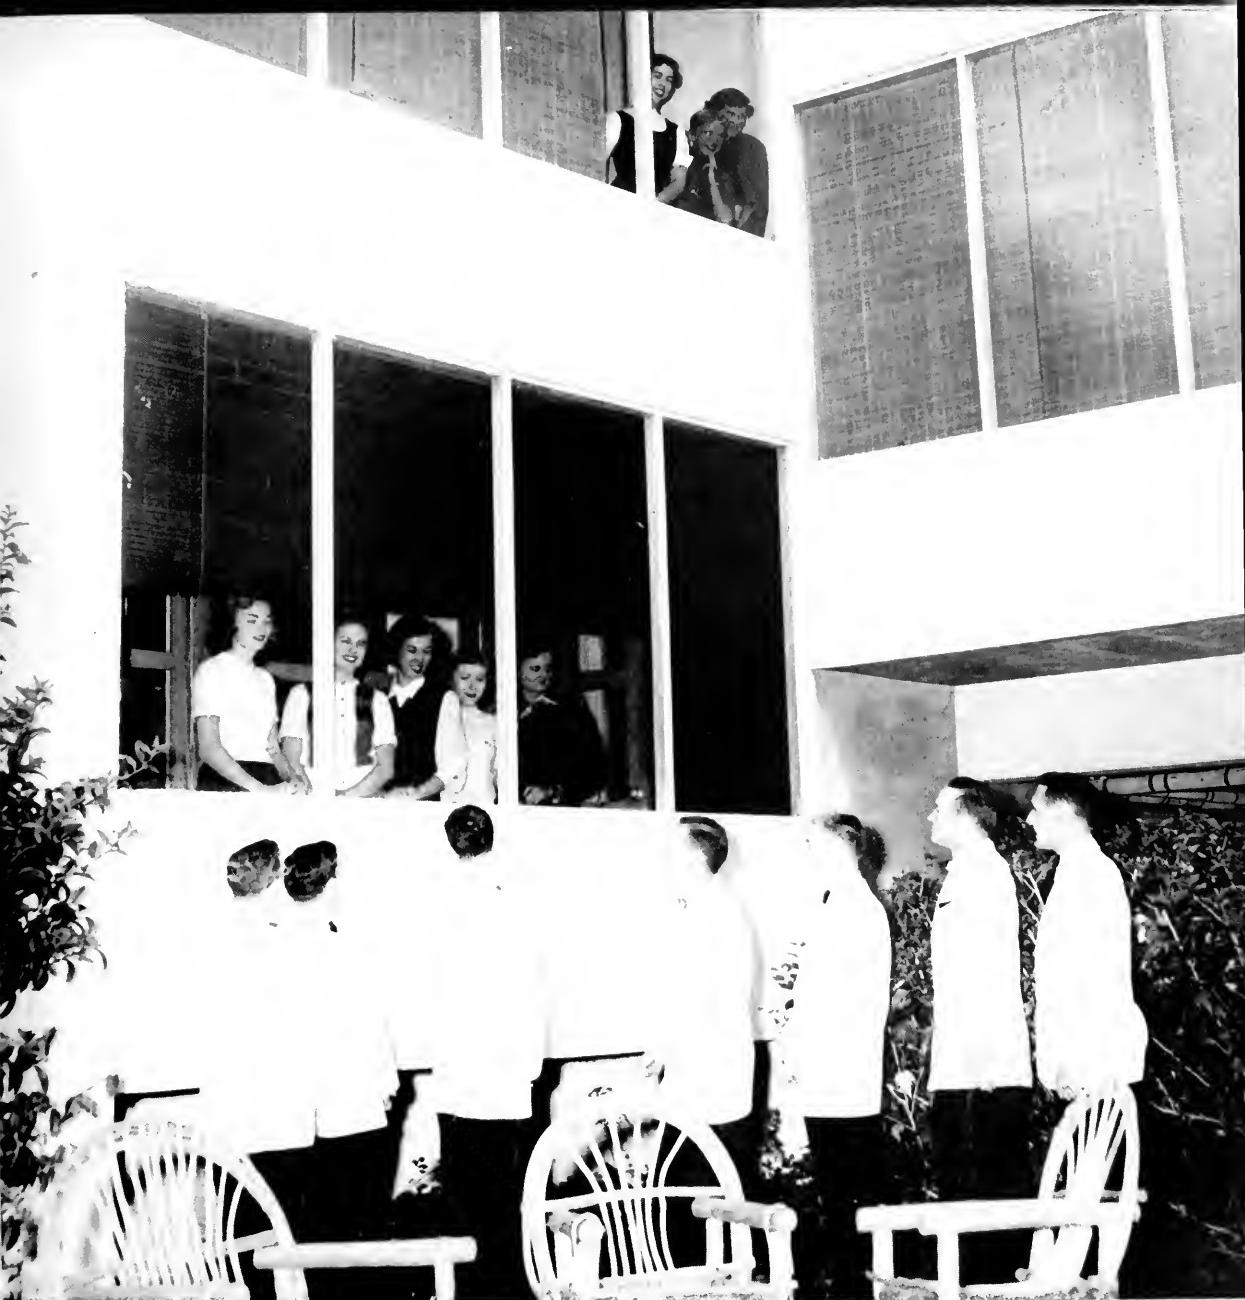

To give primacy to the human and spiritual rather than to the material values of life; to develop within the members a high degree of serviceable citizenship and to emphasize the type of citizenship and social service as exemplified by the constitution and by-laws of Kiwanis International and its service program.

PHI MU

FOUNDED 1852

The enchantress carnation, symbolic of Phi Mu, was planted on this campus only a year ago . . . its growth and development have proven successful in its early stage . . . we hope it will continue to blossom forth in the many years to come . . . one event we will long remember was our Halloween Party with Theta Chi, that even Mother Nature couldn't put a damper on . . . then we wiggled and waddled as chicks in our Kampus Kapers skit, copping the runner-up trophy for the second consecutive year . . . one of our welfare projects this year was seeing to it that the children's ward at Morrell Hospital had an ample supply of toys . . . we're proud of two sweethearts, Carol Madson Brock, Theta Chi; Jo Lee Newcombe, Pi Kappa Phi; and of our pledge class sweetheart, Dixie Jones, Tau Epsilon Phi . . . more honors to our sorority . . . president of Woman's Student Government Association . . . member of the Senate . . . member of Cap and Gown . . . member of Who's Who . . . secretary of Kappa Pi . . . four Vagabonds . . . an outstanding performance in "Tovarich" by Sylvia Clark . . . just as outstanding was Barbara Hofeller as a "living doll" in "The Clown Who Ran Away."

FOUNDED 1898

With a new house and our first pledge class, Beta Phi Chapter of Sigma Sigma Sigma began its first year on the Florida Southern College campus with a promising future in sight . . . organized by Patty Palmer, the Tri Sigs had a busy year, including our National Installation, all of our national officers being on the scene for the occasion . . . a Christmas party with all the members bringing gifts for the John Randolph School children in Virginia was fun for all, with members joining in to play with the toys before they were sent off . . . we were busy on campus, also, our members participating in eighteen campus activities . . . a charter member of the new Beta Beta Beta national science honorary fraternity . . . our president organized a philosophy club on campus . . . two members of the Concert Choir . . . secretary of the Vagabonds . . . secretary of Alpha Psi Omega . . . historian of the Microphone Club . . . a member of the Rifle Team . . . a reporter for the Southern . . . our Founders' Day was celebrated with a banquet and the traditional Sigma Symphony . . . thus we, in our first year, have already lived up to our purpose of personal development of individual members, a design for living and worthwhile standards of social relationships.

PAN-HELLENIC COUNCIL

The purpose of the Council is to keep fraternity life on a high level and to act as a forum in the discussion of fraternity and sorority problems. It also governs the rules of rush-

ing and pledging. The Pan-Hellenic Council is composed of two members from each sorority on campus. It holds a most responsible position in the every-day life of the College.

The Interfraternity Council has as its objective the following goal: to improve the college by improving the social fraternities. This aim is met by the various representatives of the fraternities working on the social problems of the college with the administration and the faculty, and by letting the community realize how much the fraternities need community support. The Council directs as major events each year the Greek Dance during Freshman Orientation Week,

the Christmas Tuberculosis Seal display, and coordinates the workings of the fraternities during Founders' Week. The Interfraternity Council is able to function well because of the excellent cooperation of the nine social fraternities of which it is composed

The big news of this year is that Brother Blokeman is finally leaving us and going forth into the world to take his place as an educator of the masses . . . there was a lot of fun this year and here are some of the sayings that the brothers will not forget for a long time to come . . . "Say, what is your name, anyway?" . . . "I think so, but I'm not sure" . . . the usual manner in which Zeke would start the day and the very unusual comments that he would pass from time to time . . . we are still wondering what strange power the chapter has to be able to draw back its old members into PG work . . . our chapter, Omega Triton, is one of the younger fraternities on campus and the first Phi Sigma Kappa chapter in Florida . . . throughout the year the brothers have exemplified our purposes of promoting brotherhood, stimulating scholarship and developing character.

COLONEL GLENN G. DICKENSON
Professor of Military Science and Tactics

The Reserve Officers Training Corps is a vital part of Florida Southern College. Established on the campus four years ago under Col. Dickenson, cadets and officers can well be proud of the record of achievement already recorded. Coming to F.S.C. from the battle-fields of Korea, Col. Dickenson has provided a rare quality of leadership, and with Mrs. Dickenson has earned an enduring place in the hearts and minds of student, faculty, administration and alumni. The Interlachen of 1955 is proud to salute the Colonel, and the Colonel's Lady, for what they have done for and meant to F.S.C.

R. O. T. C. AT FLORIDA SOUTHERN

Three hundred and fifty cadets now comprise the Reserve Officers Training Corps, divided into two battalions made up of four companies. In the basic course during the first two years, students study, under an experienced and highly capable faculty, military science and tactics. Approximately 150 of the cadets

are advanced into the third and fourth years of study, the successful completion of which may lead to a reserve commission as a second lieutenant in the United States Army. Cadets in the advanced classes must spend one summer in session of six weeks in field training at Camp Gordon, Georgia.

1954 - 55 MOCACASINS

Coach Bill Clipson, starting his third year as mentor of the Moccasin court squad, was faced with the task of bettering a 1953-54 record of six victories and thirteen defeats with a team composed primarily of freshmen.

Forming his attack around returning lettermen, center Bill Wood and last years' high scorer, forward Frank DeSovino, Clipson added freshman forward

Dean Craig and guards Dale Collins and Johnny Riggs.

Before the season opened Southern withdrew from the Dixie Conference and entered the faster Florida Intercollegiate Conference, comprised of the colleges and universities within the state.

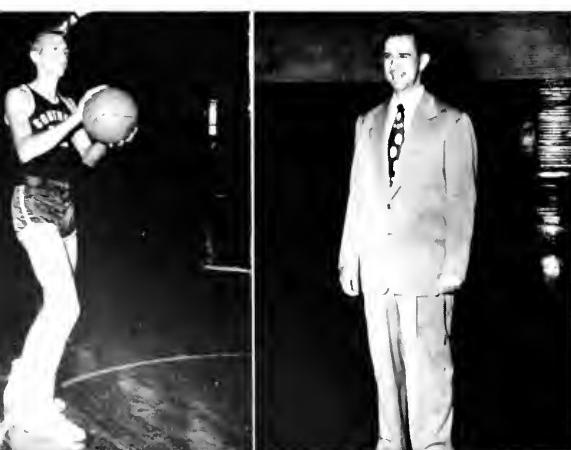

As the 1955 Interlachen goes to press the Macs have five games remaining on their schedule and own a record of seven victories and eleven setbacks.

F. S. C. WATER MOCCASINS

The Florida Southern College varsity crew finished the 1954 rowing season with a record of five wins and five defeats. The set-backs came at the hands of Wisconsin University, Rutgers University and Rollins College twice, including the state championship race. The other loss came in the Dad Vail Regatta at Philadelphia.

The Water Macs defeated Amherst College, Brown University, American International College, Rollins College, and Tampa University.

Four veteran lettermen comprise the nucleus of Coach Roy Couch's 1955 varsity eight. Steve Potz, John Frasz, Chuck Nelson and coxswain Tom Karaholios are back from last year's shell. M OCCASIN B ASEBALL T EAM

The Florida Southern College baseball team and Coach Jim Lease have their work cut out this season as they tackle one of the toughest schedules a Moccasin diamond nine has ever undertaken.

A member of the recently formed Florida Inter-collegiate Conference, the Mocs have added other powerful rivals to fill out their slate.

A host of returning lettermen should make coach Lease's task an easier one. Heading the list of returning moundsmen is last year's pitching mainstay, Dino Fanelli, who finished the season with a 9-2 won-lost record.

Dan Weinberg, slugging Moc first-sacker, who led the squad at the plate last year will be stationed at the initial sack again this season. Bill Tolle, another player who batted well over .300 last year is back to take up his familiar station at the hot corner.

The Moc regular second sacker of last year has returned to give coach Lease half of his keystone combination. Outfielders Hank Calderone, Frank De-Savino and Ray Gatlin assure the Southern nine of a seasoned picket line. Coach Lease is counting heavily on flychaser Fred Eubler, a transfer from

Stetson University where he was one of the Hatters leading stickmen.

The mound staff has its share of veterans also in Dick Hagstrom, Clarence Fogal, Walt Krauss and Ned Biddix, a converted outfielder. Krauss and Fogal may be slated for outfield duty this season.

FSC's Varsity "S" Club is the varsity lettermen's club on the campus. It is comprised of students who have won varsity athletic awards.

The purposes of the "S" club are threefold: first, to promote mutual understanding among its members; second, to serve devotedly on community and college projects; and third to facilitate improvement in college athletics for the benefit of the entire student body.

Last spring at an introductory banquet, Dr. Spivey presented to the Varsity "S" Club the room which now bears its name. When the room was turned over to the Mac lettermen it was presented with exclusive rights to be used as the club saw fit.

First Row, Left to Right: Jack Highnam, Tom Mauer, Charles Nelson, Bob Goodnetter, and Bill Burns. Second Row: Al Huff, Dean Gallow, Newt Garrison, Fred Gebhart, and Charles Jackson.

Sigma Alpha Epsilon fraternity won the Intramural football championship, without suffering a setback.

SAE was blessed with speed, power, talent, and depth as they swept through their schedule to an 8-0 record. Charlie Jackson, Bob Goodnetter and Newt Garrison led the attack, while Al Huff and Chuck Nelson were the outstanding linemen. The SAE team furnished four of the players who were selected for the all-star football squad.

First Row, Left to Right: Bob Goodnetter, Charles Jackson, Chuck Nelson, and Al Huff. Second Row: Jack McPherson, Tom Bowen, Laurie Becker, and Bob Fernandez.

The Intramural football all-star team saw the champion Sigma Alpha Epsilon fraternity place four men on the eight man squad. They were represented by Bob Goodnetter, Charles Jackson, Chuck Nelson and Al Huff on the mythical "dream team."

Tau Epsilon Phi also showed up strong by nabbing two places when their backfield punch consisting of Tom Bowen and Laurie Becker were chosen. The team was rounded out by Jack McPherson, line-cracking Theta Chi field general, and Bob Fernandez of the independent squad.

MEN'S VOLLEYBALL CHAMPS

First Row, Left to Right: Jim George, Mohammed Sobie, and Lee Lyons. Second Row: Laurie Becker, Tom Bowen, and Al Kuhn.

Spearheaded by the brilliant spiking of Mohammed Sobie, Tau Epsilon Phi made a run-away of the league in men's intramural volleyball, and then outlasted a stubborn Pi Kappa Alpha team in the play-off to cop the volleyball championship.

TEP went one game down at the outset of the final match with PiKA when they lost 15-12. Coming back strong TEP won the second game 15-8 and eked out a 15-12 victory in the third game to take the crown.

TEP made the final round by dumping Sigma Alpha Epsilon in the semi-finals by scores of 10-15, 15-10 and 16-14.

PiKA gained their berth in the play-offs by eliminating Lambda Chi Alpha 15-9 and 15-13.

MEN'S ALL STAR TEAM

First Row, Left to Right: Jim George, Bill Wood, Joe McCormack, and Mohammed Sabie. Second Row: Laurie Becker and Art Eberly.

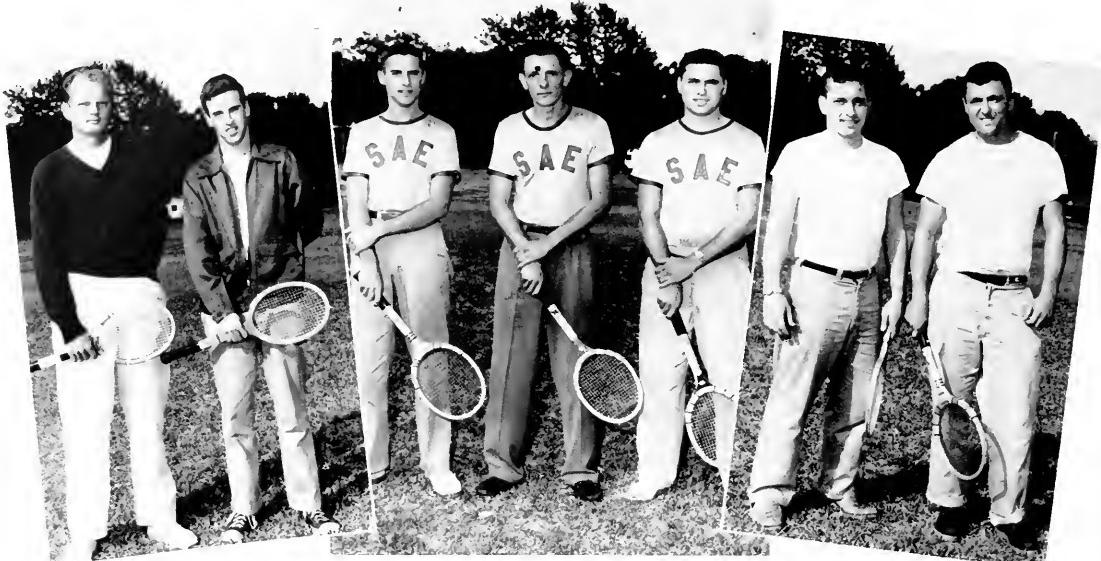

The 1955 Volleyball All-Star team was dominated by Tau Epsilon Phi Fraternity which placed three men on the team: Mohammed Sabie, Laurie Becker and Jim George.

Sabie drew the most votes, and won the outstanding volleyball player title mainly on the strength of his season-long spiking and stand-out play during the play-off set against Pi Kappa Alpha.

The team was rounded out by Bill Wood, Pi Kappa Phi; Art Eberly, Sigma Alpha Epsilon; and Joe McCormack, Theta Chi.

Laurie Becker and Tom Bowen

Tau Epsilon Phi Fraternity swept into the Intramural Tennis finals, and then went on to take the championship by winning two matches out of three from the finalists of Sigma Alpha Epsilon Fraternity.

Tom Bowen and Laurie Becker, the TEP duo downed the Sigma Phi Epsilon team to gain the finals, while the SAE twosome of Alan Van Winkle and Bill Haussmann took the measure of Tau Kappa Epsilon.

In the championship match, Van Winkle defeated Becker by a 6-1 score, to put SAE one up. The lead did not stand up however as Bowen downed Haussmann 6-3, to force a doubles play-off.

With the blue chips down Bowen and Becker came through with a 6-1 victory to clinch the championship.

Ester McNett, the perennial women's badminton champion, retained her title this year in spite of the huge field arrayed against her.

Emerging as finalists were: Nancy Sherwin, Dot Beach, Mary Bryant and Esther McNett. The finals were played as a round robin tournament with Esther easily surviving the elimination.

The Florida Southern College soccer team has one victory and one defeat thus far in the season, with further games slated with Florida State University and Miami University. Composed almost wholly of foreign students, the team was formed in order to give these men from other countries an opportunity to play their national sport.

The first game against the Bartow Air Force Base eleven saw the Southern team defeated on their home field by a 2-1 score when a perfectly placed corner kick was tallied to offset a goal by Southern's Antonio Gutierrez. In a return match at Bartow the combination of a stiff Southern defense plus an attack spearheaded by Gutierrez' two goals spelled a 3-0 defeat for the "Fliers."

Captain Mohammed Sabie scored on a penalty kick to ice the contest.

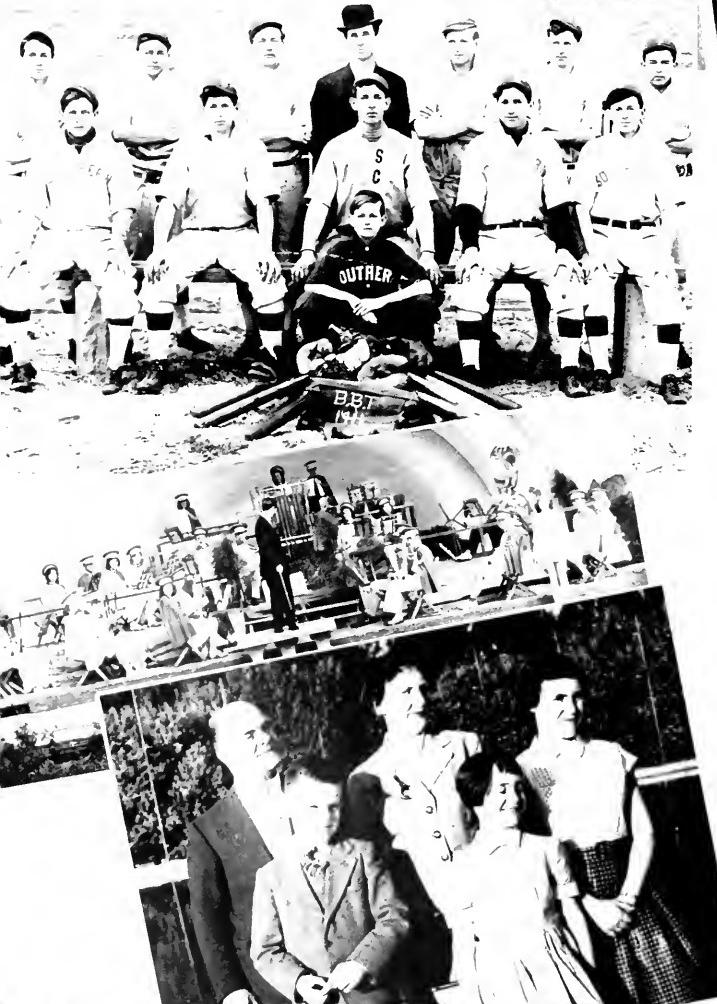

The Southern kickers have been improving steadily, and should prove a tough opponent for the rest of the year.

Down through the years, the passing scene at Florida Southern College has been seen through the eyes of faithful Will Stewart, the venerable "vice president."

For 50 years now, this devoted employee has given of his time, his energy and his years to our institution which has taken him into its heart without reservation.

The panorama which is the Florida Southern of yesterday and today has almost all been witnessed by Will—who has rejoiced with the college's progress and sorrowed when the road was steep and difficult.

The "vice president" has been associated with FSC since its early days at Palm Harbor. He, with the College, has survived hurricanes, fires, epidemic and depression. His satisfaction is deep with the place he has won in the hearts and minds of alumni and students, and with the place of eminence which Florida Southern College has earned in the academic sun.

The Interlachen of 1955, and the students of our College, salute Will Stewart. May his days in the future always be filled with happiness and sunshine as he sees his college move ever forward.

IN MEMORIAM

J. EDGAR WALL

WILLIAM EUGENE DE MELT

JOHN DYMOND BYRD

MICHAEL VETRANO

The Interlachen of 1955 expresses its appreciation
to the following business concerns, whose interest
and cooperation have helped to make possible the
publication of this yearbook of Florida Southern
College.

The editors and business managers respectfully
urge that friends of the College examine the ad-
vertisements of these firms and individuals, and call
upon them for service at every possible opportunity.
